PROFESSIONAL WORKFORCE DEVELOPMENT

FOR TEACHERS, TRAINERS, LEADERS AND MANAGERS IN THE FURTHER EDUCATION AND TRAINING SECTOR

(2019/20)

VISIT ETFOUNDATION.CO.UK OR CALL 0800 831 830
The courses are lively and engaging, and offer a range of strategies to make effective change in our students and the way we tackle resistance to learning. We have taken away a wealth of practical ideas that have already made an impact to learner engagement in our classrooms, and our planning of activities to achieve learning outcomes has become more creative.

NATALIE MORTON, ENGLISH TEACHER, CROYDON COLLEGE

WORKFORCE DATA AND RESEARCH

We are the home of independent, impartial and comprehensive workforce data and research.

Past, Current, and Future Workforce

SIR Data Insights
Through our Staff Individualised Record (SIR) Data Insights service, we collect annual workforce data from learning providers across the Further Education (FE) and Training sector to create an evidence base for government and sector body policy making.

Workforce Data
Our most recent annual Workforce Data report used information from nearly 200 providers that submitted returns to the SIR, including over half of all general FE Colleges.

ITE Report
We analyse and report on data about Initial Teacher Education (ITE) from a range of different sources to give us a clear picture of the size and shape of teacher training in FE, and an understanding of the characteristics of future FE teachers.

CPD Needs

Training Needs Analysis
In 2017 we launched a major national exercise in finding out what teachers, trainers, leaders and institutions across the FE and Training sector see as their training needs. The Training Needs Analysis was conducted by the ETF, in partnership with the Association of Colleges (AoC), Association of Employment and Learning Providers (AELP) and HOLEX, and support from the Department for Education.

CPD Scoping
Across the ETF offer, our programmes and courses are developed and designed in line with research and evidence, to ensure that they meet the current and future needs of the sector.

Evaluation
The Research and Evaluation team at the ETF is tasked with supporting others across the organisation to ensure our programmes are independently and robustly evaluated. For this, we use a range of research organisation, and have adopted the use of the Kirkpatrick theory and the COM-B model of behavioural change.
