This element of the T Level Professional Development (TLPD) offer provides you with a personalised CPD journey created from a range of pedagogical and subject specific courses structured to meet your needs.

Course: Teaching T Levels: Enhancing Pedagogy

Who is it useful for?

- Teachers delivering T Levels.

Course outline:

This course develops teachers' wider understanding of effective pedagogy. It includes examples of learning theory and practice in technical and vocational contexts, which can be applied to their own teaching practice.

Study mode:

It is possible to study the content of this course both online and face-to-face*. The two course options are similar but not identical and there is considerable benefit to attending both courses.

We recommend you complete the online course first to be better prepared for the face-to-face event. Although this is not mandatory, it will maximise the impact of your CPD activity.

- improve teaching practice in preparation for T Levels
- ensure that learners undertaking T Levels develop the knowledge, skills, behaviours, and competencies required.
