

# TAKING TEACHING FURTHER

**Up to £18,200 of government support to help you  
recruit business and industry professionals**

Funded by the Department for Education (DfE), this national initiative aims to attract and support experienced business and industry professionals to teach in the Further Education and Training sector.

**Find out how you can access this support.**

Department  
for Education

Run by the Education and Training Foundation on behalf of the DfE, the Taking Teaching Further Programme enables you to offer a fully funded package of extra support to make it easy and attractive for professionals to transition into your teaching teams.

## What does the £18,200 per recruit cover?

a Level 5 teaching qualification

remission off timetable to study

extra coaching, mentoring and work shadowing support

You can recruit into teaching roles on the 15 technical routes and for maths, English and SEND provision.

Over 700 industry professionals have successfully moved into teaching through Taking Teaching Further since it started in 2018.
